

## **Christmas is Coming**

*Gloria Duchin Inc. to be featured on QVC*

East Providence, RI, September 23, 2005 – Gloria Duchin Inc., a leading manufacturer of Christmas ornaments, has been busy preparing all year for its 26th holiday season. This Sunday, September 25, Gloria Duchin's President, Robyn Smalletz, will officially kick off the Christmas rush with a live appearance on QVC's "Holiday Shoppe," at 5 PM EDT.

Smalletz will be presenting a sampling of Holiday 2005, a unique collection of "jewelry for your tree." The sophisticated, intricate filigree designs, reminiscent of Christmas past, are handcrafted in genuine pewter with Swarovski crystal accents. These special touches and exquisite artistry ensure that Gloria Duchin's timeless keepsakes will be treasured for years to come.

"This collection includes some of my favorite pieces," says Smalletz. "Each of these classic designs has its own story that captures the spirit of the season. I look forward to telling the Gloria Duchin story on QVC."

In 1979, Gloria Duchin began producing high-quality ornaments with a classic twist. Since then, the company, which has produced millions of ornaments, remains family owned and operated, and is a pioneer in design and manufacturing in the U.S.A.
